Natnael Balcha
Entry-Level FrontEnd Engineer

571-277-2658 | natebalcha24@gmail.com | Arlington, VA

Summary

Experienced professional adept in fully remote work environments with U.S. citizenship looking for a full-time position. Proficient in Front-end Web development using JavaScript, HTML, and CSS. Demonstrated willingness to mentor junior colleagues and poised to transition into a leadership position, aligning with expected company growth. Comfortable and effective in remote settings, recognized for dependability, initiative, and a proactive approach to project enhancement and management.

Dedicated and knowledgeable professional with intermediate-level proficiency in the field of AI. A strong passion for continuous learning and exploration in this rapidly evolving field. Eager to leverage existing skills and expertise to contribute to cutting-edge AI Projects while staying committed to personal and professional growth in the realm of AI Technology.

Experience

Freelance/Self Employed
Web Developer | 08/2021 - 10/2023

Created responsive and user-friendly portfolios, restaurant menus, and API-based websites for clients, utilizing HTML, CSS, JavaScript, and React.

This has enabled my clients to showcase their professionalism and adept utilization of state-of-the-art technology to enhance their customer's web experience and applications.

U.S. Air Force | Dover, DE
Maintenance Technician and IT support | 12/2015 - 12/2019

In charge of maintaining and repairing vehicles and aircraft accessories, valued at up to two billion dollars, while also providing technical support to military personnel for troubleshooting government computer issues.

Facilitated annual cost savings of over a million dollars for the Air Force through proactive prevention of vehicle and aircraft part malfunctions. Assisted my squadron by ensuring uninterrupted military operations in the face of computer malfunctions in the workspace.

Skills

JavaScript, HTML/CSS, ReactJS, Problem Solver
